BATHAVON NORTH BY ELECTION

on 22nd MAY 2014
Vote for

Hugo Jenks

UK Independence Party (UKIP)

I work locally and have lived in Bathampton for nearly three years. My background is Electronics Engineering, working mainly on defence projects.

It is my belief that the first duty of Government is to preserve democracy. Without it we lose everything.

I became involved in politics to help reverse the serious mistakes that the current and previous governments have made. A huge task, we have made an excellent start!

If elected to B&NES Council I will do all I can to ensure that good old fashioned common sense prevails. I would certainly oppose misguided projects such as the bus gate in Dorchester Street.

UKIP Councillors are expected to follow the best interests of their constituents.

They do not just toe the party line as other parties do.

DEMOCRACY - introduce local planning referendums on major decisions, such as wind turbines, solar farms, and large housing developments. Protect our green spaces.

EDUCATION - improve access to quality local education.

HOUSING - oppose the bedroom tax.

ENTERPRISE - reduce tax and business costs to stimulate the local economy.

TRANSPORT - mending potholes should take priority over council vanity schemes.

Our leader Nigel Farage has pledged that:

UKIP is a free-thinking, egalitarian party opposed to racism, sectarianism and extremism.

UKIP is dedicated to liberty, opportunity, equality under the law and the aspirations of the British people.

We will always act in the interests of Britain, especially on immigration, employment, energy supply and fisheries.

We know that only by leaving the European Union can we regain control of our borders, our parliament, our democracy and our ability to trade freely with the fastest-growing economies in the world.

A referendum to allow the country to decide this matter will create the greatest opportunity for national renewal in our lifetime.

Hugo Jenks
